

Tuba City Elementary School

SY 2018-2019

One of the most beautiful things we can give our child is music education.

Parent communication, involvement : support are the keys to success of your child's music education. Should you have any questions, please contact me at:

**WELCOME TO MS.
FERRER'S MUSIC
CLASSROOM!**

My main goal in my music classroom is to share ideas and concepts with students that engaged me and developed my love of music. Music is a skill that can be carried through all aspects of your life, no matter what path you choose. My hope is that each student is able to find something in music that allows them to express their feelings in a way that is comfortable and rewarding at the same time.

I hope that I can inspire my students and the community to appreciate music in a way that is meaningful in their own lives.

**EVERY PRACTICE
WAS A
LEARNING
PROCESS.**
