February 4, 2022

Dear Parents and Guardians:

Starting on March 21 through April 15, 2022, students in 11th grade will be participating in the AzSCI assessment and on April 5th, 2022 they will be taking the ACT test. These assessments will be administered online and students will be rotated in the computer labs to take the test. These are statewide and national assessments and the purpose of these assessments are to determine your child's level of achievement in areas such as reading, writing, mathematics, science, and social studies. We will use the data from these assessments to determine which students would benefit from intervention or enrichment. These assessments will allow us to determine how achievement of students at Tuba City High School compares to other students their age at the state level and nationally.

These assessments are required by the Arizona Department of Education. Results of your child's performance on the AzSCI and ACT assessments will be sent home.

You can assist your children by encouraging adequate sleep the night before, a good breakfast prior to school and ensuring that your child is present in school and on time on their scheduled testing day. Please remind your children to give the test their best effort.

Thanks for your assistance in making this a positive experience for your child. If you have any questions, please contact me at rmccabe@tcusd.org or (928) 283-1052.

Sincerely,

Raye Lynn McCabe
Principal
