April 15, 2022

TCES Families,

I am very excited to announce construction will begin on our very new Soccer Field this month. This has been a vision that will benefit our children and community for years to come. This will be a two month project and will affect:

- AM Bus Drop-Off and PM Pick-Up.

Please see the map, the bus line-up will remain at the Junior High School.

- Grab and Go

Please see the map, which shows the direction for breakfast and lunch will be one-way going from south to north.

As this project begins, we are asking staff, parents, and community to help us ensure safety for all by continuing to pick-up and drop-off at the main entrance. All students, staff, and community will use the main entrance only. Access around the construction site will not be accessible.

Morning drop off on the west side of the cafeteria, may continue, but please Do Not enter the access road for Grab and Go. This access road will only be for breakfast/lunch pickup and exceptional student bus access only.

Some of the features of this project includes a synthetic turf that will cover 3,735 square feet, 3.5 feet boarded wall around the field, and a five row portable bleachers to seat 70.

This project is scheduled to be completed by the end of the school year and ready for use during summer school.

There will be additional information on our school website, as well. If you have any questions, please do not hesitate to contact the front office at (928) 283-1020.

Thank you,

Sophia Begody, principal
