

🍎🍕 The Cafeteria Connection 🍔🥦

Often times, students and teachers, employees and even the food service workers, are looking forward to lunch time!

Make sure that you keep in touch with the school's menu to see what exciting meals are coming your way!!

Two Schools, One Community!

Students and staff from Dzil Libei still join forces with Tsinaabaas Habitiin while their school undergoes construction and repairs. This unique situation has brought both challenges and opportunities, as two school communities learn, grow, and work together under one roof.

DISCOVERY KITCHEN FUN

CookOff!!

The Discovery Kitchen CookOff was such a blast. We had a total of six competitors participate in cooking the best pizza possible. All of the home-made pizzas were amazing, and the students and families had a wonderful time and left with more pizza than they could imagine. Thank you to those who made this amazing event happen!!

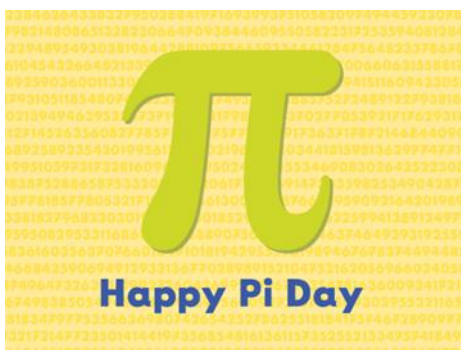

Spring Forward An Hour on March 9

Daylight Saving Time (DST) originated from the idea of maximizing daylight hours to save energy. Here in Tuba City, we have a very unique situation when it comes to DST.

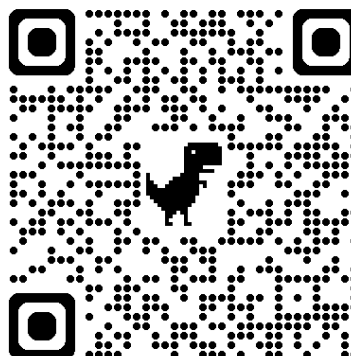

The Hopi reservation does not practice DST just as the state of Arizona; however, the Navajo Nation Reservation DOES follow DST, meaning that with just a brief walk, you can go back in time an hour, or spring forward an hour. If you could vote, would you like to continue this practice, or leave it in the past?
